

Your Guide to Online Benefits Information

FIRST: Log in at www.cookcountyrisk.com under open enrollment tab. You need your social security and employee ID numbers – these can be found on your pay stub.

SECOND: Review your benefits. Make decisions about your health care needs for 2010. All of your current information can be found on this first page.

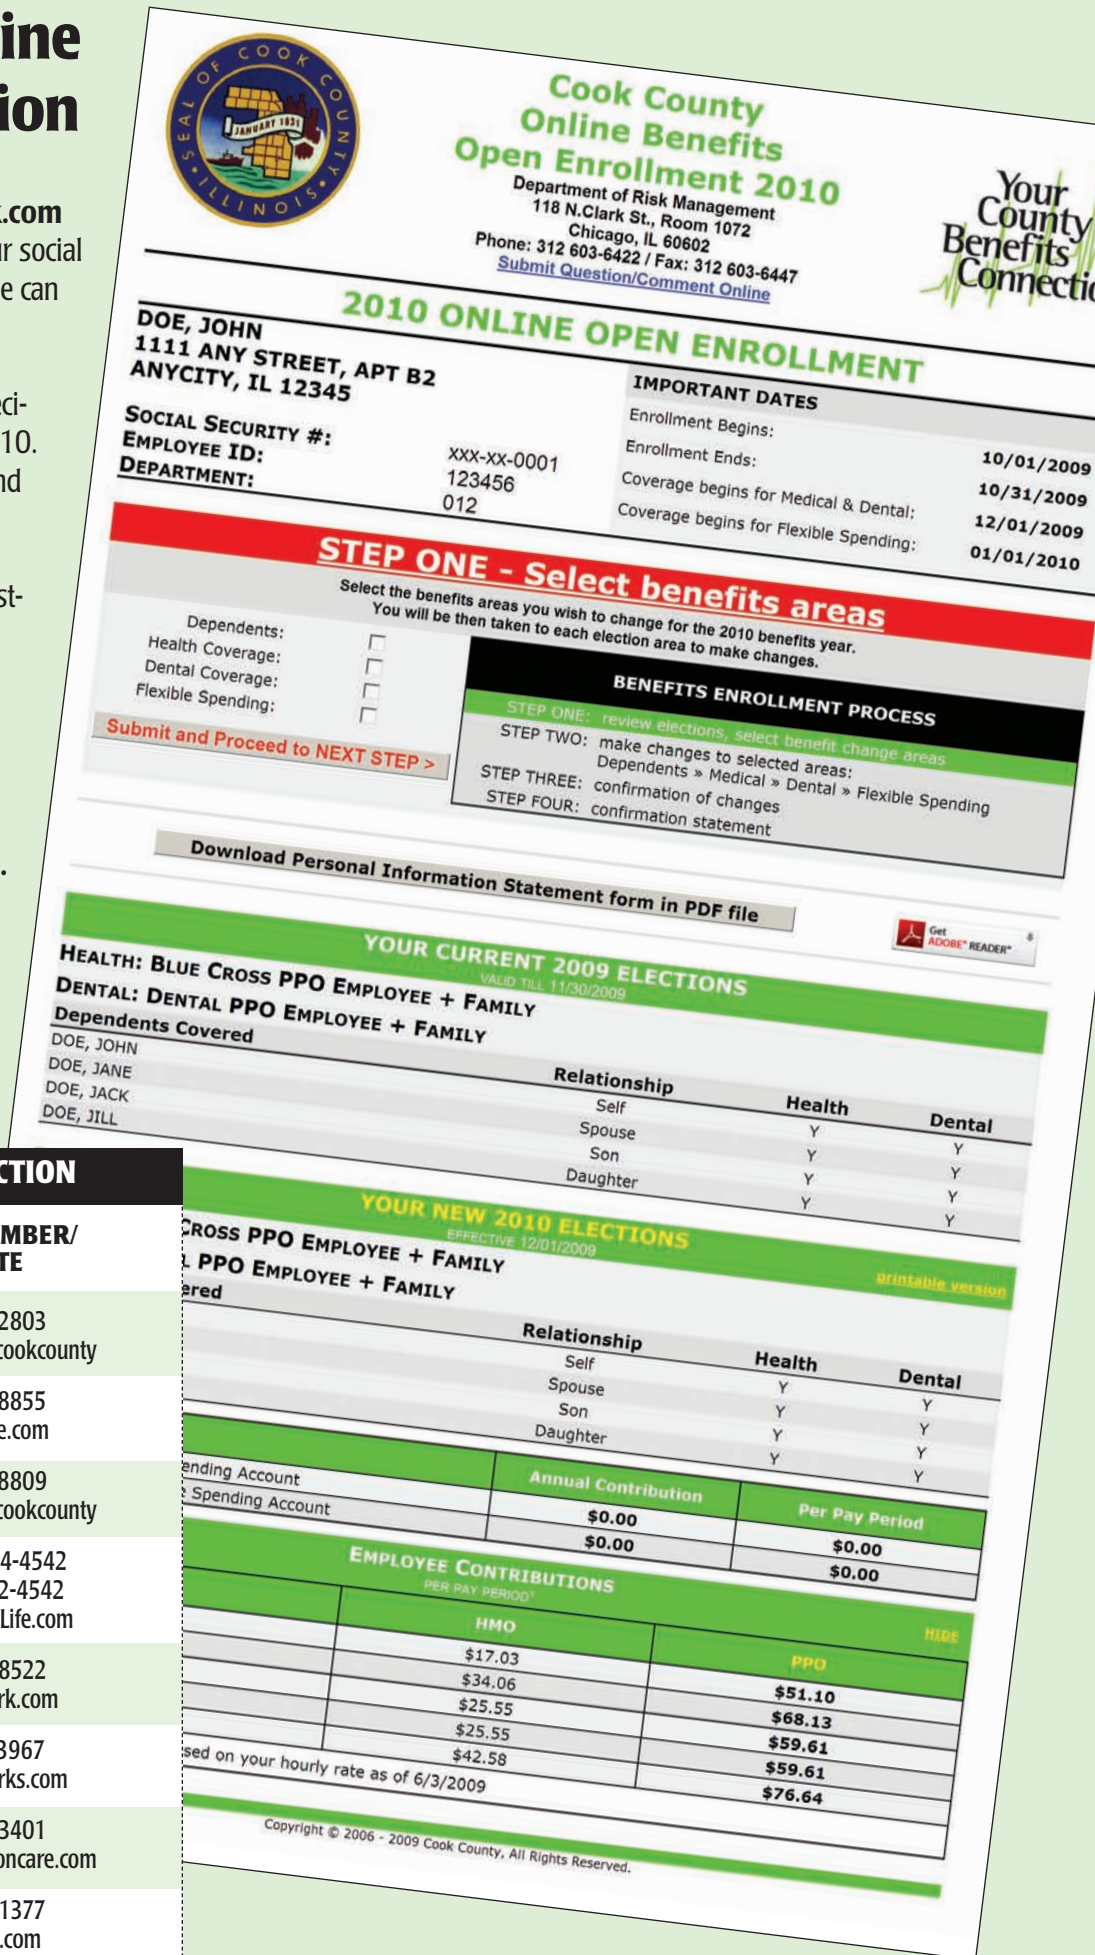

THIRD: Choose the areas that need adjustment (i.e., change plans, enroll in an FSA account, delete a dependent).

FINALLY: Confirm your choices. Print the confirmation page for your records. **It is important to save this page as your proof of the changes that you made.**
