Regular vision care is vital to your health. Not only do eye examinations identify vision correction needs, but eyecare professionals can also uncover a variety of health conditions such as high blood pressure, diabetes, arteriosclerosis and glaucoma. That is why Cook County and Cole Managed Vision offer quality vision care for your family's eyecare needs, including exams, frames, lenses and contacts.

Comprehensive Care® Vision Benefits

Cole Managed Vision believes that routine vision care is part of a comprehensive preventive health and wellness program. Through Cook County, your benefits include access to vision care and prescription eyewear when visiting Cole Managed Vision's national network of participating providers.

How Our Plan Works

- Visit or call one of the thousands of participating providers.
- Identify yourself as a plan participant by your Social Security Number.
- Receive services and materials and make applicable co-payments to the provider.
- The provider will file the claim on your behalf.

Who's Eligible?

Eligibility requirements are the same as for all benefit plans. If you have enrolled your dependents, then they will also be covered under the Comprehensive Care® Program.

Your Comprehensive Benefits*

Participants may receive a comprehensive eye examination once every calendar year. Participants may use their material benefit toward either eyeglass lenses or contact lenses once every calendar year and toward frames once every two calendar years.

Eye Examination Your Co-pay \$0

An exam and prescription for eyeglass lenses or contact lenses are covered. If receiving a contact lens exam, fees associated with fitting and follow-up are covered. In addition, your provider may recommend other procedures at an additional cost to you.

Eyeglass Lenses† Your Co-pay \$0

Standard uncoated single vision, bifocal or trifocal plastic lenses, regardless of size or power, are covered with you applicable co-pay. Lenticular lenses are available at 20% off regular retail price. Solid or gradient tints are available at no additional cost.

Standard Progressive Lenses Your Co-pay \$50

Standard progressive lenses are covered with your applicable co-pay.

Frames Your Co-pay \$0

Frames are covered up to a regular retail value of \$100. If you choose a frame retailing for more than the covered amount, you will be responsible to pay the difference in price, less 10%.

Contact Lenses Your Co-pay \$0

Contact lenses are covered up to a regular retail value of \$100. If you choose contact lenses for more than the covered amount, you will be responsible to pay the difference in price. Contact lenses can be obtained from a participating provider or through the mail order Contacts Direct® Program.
