

HOTLINES

for Cook County Open Enrollment 2001

DO YOU WANT PLAN BROCHURES,
PROVIDER DIRECTORIES OR
OTHER MARKETING MATERIALS?

Getting them is as easy as picking up your telephone.

This is the only Open Enrollment information kit you'll receive this year. But if you want additional materials – or answers to your questions about the options offered – just call. Each of Cook County's medical and dental plans has a special "hotline" phone number set up during Open Enrollment. Just call the plan's hotline number directly. These numbers generally operate Mondays–Fridays between 8 a.m. and 6 p.m. (For those of you who prefer to surf the Internet, you can look for information on the websites listed here.)
